## **Falling into Prep in October Minnesota PrEP Institute - Part 1:**

# **The Enhancement of PrEP in Minnesota**

### **Learning Objectives:**

1. Increase the number of PrEP providers in the state.
2. Increase the capacity of current PrEP clinics and providers.
3. Increase access to providers who prescribe PrEP in rural areas.
4. Increase the capacity of HIV/STI testers to link clients to PrEP services.
5. Increase the capacity of PrEP navigators.
6. Increase the capacity to address PrEP/PEP for injection drug use and unhoused.
7. Discuss the use of TelePrEP services to increase PrEP access.
8. Develop marketing strategies for PrEP education and services.

### **Location:**

Amherst H. Wilder Foundation  
451 Lexington Parkway North  
Saint Paul, Minnesota 55104

**Hybrid Event:** In-Person and Virtual Options

### **Intended Audience:**

Healthcare providers, HIV prevention staff, navigators, managers who work with PrEP from health departments, clinics, and CBOs

### **Continuing Education Credits:**

CME, CNE, CPE and Certificates of Attendance
